

## **Ace Fulton's Day of the Dead Playing Cards by Art of Play - Pokerdeck**

*"We return to see everything as it was, infinitely beautiful."*

The ultimate deck of cards for the Halloween season. **Fulton's Day of the Dead** weaves a personal story of the afterlife, Halloween, and Day of the Dead into one of the most profound back designs ever illustrated on a deck of playing cards.

Fulton describes his latest deck as *"A love letter to playing cards and cinema, this is a deck where Luis BUNUEL and Orson Welles return to make one last picture in the afterlife with a surprise appearance and hidden references to some of my favorite memories."*

*This is a deck to celebrate life, the afterlife, and everything in between. Printed by the United States Playing Card Company. Packaged inside a letterpress-printed tuck box.*
