

## **MY NAME IS by Julio Montoro - Unterschrift Transformationstrick**

Have you ever wondered how to perform a signature transposition between two cards?? With **My Name Is**, NOW YOU CAN!

Imagine this...You give a "My name is" sticker to the spectator to be signed (by him) with his name, after this, you introduce a second sticker to be signed with your name. Now, right after you start performing your favorite magic trick, both stickers change in a visual way, so now the magician has the spectator name stuck on his chest...and the spectator has the magician's name!

### **With my name is you will receive:**

- Handcrafted gimmicks in Spain made with whiteboard material.
- Multiple replacement stickers.
- Tutorial video by Julio Montoro teaching all the details of My name is.
