

STOP COVID PADDLE by Dar Magia - Paddel Zaubertrick

After two years of the pandemic, we have learned many things, including that vaccines are the way out of many diseases and the use of some items that we never thought would become part of our clothing. A nice set of popsicles with which you can create awareness among your viewers and at the same time surprise them with a magical act.

They are two paddles of very simple manipulation and the incorporation of a face mask that will give a very clear end to the act.
