

## **Dice from empty bag - Erscheinende Würfel aus Papiertüte - Zaubertrick**

The magician displays a paper bag with a cutout window in the front side. Inside the bag is seen to be empty through the window. He then produces five glitter bright colored dice from the bag!

- Perfect for children shows.
- Easy to perform, and comfortable and light to carry.
- The bag is cm 21.8 (8,58") high. The dice have a metal spring and measure cm 7 (2,75") per side.

Note: The color of the dice could vary from the ones shown in the photo and in the video.
