

Candy Factory - Verwandlung von Flüssigkeit zu Süßigkeiten - Kinderzauberei

The performer shows an empty cylinder and a glass full of coloured liquid or milk. The performer then passes the glass through the cylinder. The glass comes out filled with candy!

- Simple to do and always a favourite for children shows.
- The tube is 15.5 cm (6,1") high and has a diameter of 8.5 cm (3,35"). The candies are not included.
