

Verwandlung Würfel zu Tuch - Incredible Die Transformation to Silk

The performer displays a base, a yellow and black die, a frame for the die and an empty wooden lid.

He places the base on the table, on top of this puts the die on which the frame is fitted. Finally he covers everything with the lid and makes a magical gesture. By removing the lid, the die will have magically changed into a yellow foulard with black polka dots!

- The lid, resting on the base, measures 12.8 (5,03") x 15 (5,9") x 12.8 (5,03") cm. The die measures 8.6 cm (3,38") on each side.
- Practical effect, perfect for an opening and of great impact for any type of audience. The foulard is included and measures 50 cm per side.
