

Mystical Pirates Playing Cards - Pokerdeck

The depths beneath the surface of the Earth remain a mystery to scientists. Most of the ocean remains unseen by human eyes.

This is by design.

Some creatures lived for thousands of years hidden away in their own underwater world. Using their mystical natures to drive away unwanted visitors, both man and machine, they have successfully kept their identities a secret.

Until now.

Delve down with me into the deep and discover the secrets within. Who is Captain Redbones, and what is his infamous curse?

How did Perry "The Barracuda" Cooper acquire this nickname?

Meet the regal and "crazy" queens of the ocean, and the kings who rule beside them.

There are so many mysteries left to be untangled. Will you dive in?
