## Scratch by Secret Tannery - Vorhersagetrick mit Zahlen

Scratch, my most powerful routine that I have been perfecting for over 15 years. Two thought of numbers are predicted on a scratch card from within a wallet. A truly mind blowing routine.
Scratch comes with 20 gimmicked cards, a gimmicked soft leather wallet, along with online instructions.
Scratch is easy to perform with no palming cards or forcing numbers. With an instant reset this is the perfect accessory for the professional worker.
