

4D BOX by Pen, Bond Lee & MS Magic - Nest of boxes

The 4D BOX (Nest of Boxes) is one of the most powerful card to impossible location effects; here is our version of this incredible magic.

Spectators can freely pick and sign any card; it is then vanished magically. The magician then displays a beautiful wooden box wrapped with multiple rubber bands. The spectator is instructed to open the fully sealed wooden box, then realizes there is another sealed box inside. The second box is opened, and a third box is there. The last box is open showing a bag wrapped with rubber band. The spectator's card appears inside the bag as the perfect climax.

Many items can be sent to this impossible location: rings, coins, bills, small notes, and billets.

The possibilities are endless.

It's easy to use and very practical in any situation - truly a joy to perform with.

We are proud to present you our **4D Box** (Nest of Boxes).
