

## Universal Plunger by Mathieu Bich - Saugglocke findet Karte

A great classic of magic now available with a great improvement !  
This small prop will become your asset to achieve incredible, funny, amazing and memorable effects!

The spectator announces a number. A simple wooden plunger move on top of the deck and it takes exactly the number of cards announced! A spectator whispers to the plunger the name of the chosen card and once again, it finds it by cutting at the right position! A turnkey routine with multiple twists and gags. When this trick was first published, magicians around the world praised it. This amazing and fun routine is very easy to perform. With Universal Plunger you get 2 plungers (one gimmicked and one normal), as well as a special card called AirCard that will allow you to go even further in the effect, with or without mat on the table! The potential of this routine is increased tenfold!

You receive:

- A gimmick plunger;
- A normal plunger;
- An AirCard (gimmick card)
- 1h30 video instructions with Mathieu Bich.

Strengths:

- An unusual object with infinite fun potential;
- Professional quality gimmicks;
- Perfect for close-up conditions and on flat surfaces (not just on a mat!);
- Wooden handle (not plastic).
