

Mini Roulette by TCC

The magician presents a small wooden block with a sharp spike protruding from it. The audience is invited to examine the spike carefully before it is placed in one of four identical paper bags. The bags are then mixed up and shuffled by the magician or the audience.

In one version of the routine, the magician plays a game of chance, trying to avoid the bag containing the spike by tapping his hand on the other bags. After three tense attempts, the magician triumphantly discovers the spike in the remaining bag. Alternatively, the routine can be presented in a mentalism style, where the magician predicts or influences the audience to select the three safe bags, and the magician immediately slaps the bags after each truly free selection by the audience, leaving the bag with the spike.
