## QUOTES

*"I think PokéMonte is very clever. It immediately builds a relationship with you and your audience. You will kill with this!"*

- **Craig Petty**, Craig Petty's Magic TV

*"When Michael O'Brien came out with PokéMonte, the modern twist on the classic color monte plot, I had to buy it. It's one of the best versions of this classic effect and will be in my kid's show magic case ready to perform at a moment's notice! Plus the kicker endings are fun too. It packs small and plays Gigantamax!"*

- **Brett Bolich** aka Brettso The Great

*"Sometimes it can be difficult to find a magic trick that applies to everybody. But PokéMonte checks all the boxes! Kids, adults, it doesn't matter!*

*There's not much more I can say about PokéMonte except for PICK THIS UP! It's extremely strong, very easy to do, and you can carry it with you everywhere.*

*You'll get good reactions and people will love it for the nostalgia factor."*

- **Chris Edwards**, Chris Edwards Magic Review Channel

*"I think this is great for kids or anyone who understands Pokemon. But you don't need to know Pokemon to do it! It's also a great way to disguise Color Monte. Can you imagine bringing color monte out at a magic convention? I mean the eye rolls! People would just turn and walk away! But if you bring out PokéMonte, people will immediately tune in and go, 'Oh, what's this guy doing?!'"*
