

Avengers: Ultron - 2er Set - Pokerdeck

Interactive Lighting System

A brand new lighting system that lights up fully in three stages. Including a "breathing" feature that makes the deck come to life...

A New Age Begins...

Inspired by the blockbuster film Avengers: Age of Ultron, this deck features a meticulously tailored armor in red, and silver color scheme with foiling.

No Strings On Me...

Every curve and contour of the box has been meticulously sculpted to capture Ultron's dynamic designs, as he prepares his ultimate plan for our extinction.

Peace in our Time...

You have the power to illuminate this light with an interactive 3 Stage Lighting. One fully opened, the light will enter the "Breathing" mode where the machine comes to life...

Dual Design Features

Introducing a dual design that suits whatever the occasion is! A sleek black border for style or a vibrant hot red border for some flares!

I had a Vision

Introducing the duality between Ultron and Vision. Both created as an A.I., but one with the urge to wipe out the entire human race.
