## **Wish Wonder by Dan and Dave - Pokerdeck**

Premium playing cards produced in partnership with our longtime friend and collaborator, Chad Nelson. Designed by Nicolaz Groll and printed by The U.S. Playing Card Company on crushed paper.

Packaged in a luxurious soft touch black box, pressed with a tonal black foil. The **Wish Wonder Deck** represents an infinite network of possibilities and two poetic manifestos to ponder. The back design is a visual representation of possibilities and an abstraction of infinite windows. Magic is Real. All is possible.

Limited edition of **888 standard decks** and **88 gilded decks**, to be opened or not.
