
SenseTag by João Miranda and Julio Montoro

From the creative minds of João Miranda and Julio Montoro arrives **SenseTag**.

This effect is a modern take on the classic object to impossible location, where a coin or wedding ring vanishes and reappears inside a GPS tracking device, that is attached to the magician keys.

Thanks to the ingenious loading device the secret action happens in less than 2 seconds.

SenseTag was designed and built from the ground-up and took João Miranda's Team over 2 years to perfect.

SenseTag works with any coin / ring up to 23.25 mm in diameter and 2.33 mm in thickness.

What do you get?

- Custom designed GPS tracking shell, designed from the ground-up
- Loading device that makes the effect super easy to perform.
- Extra accessories

Elevate your magic with a groundbreaking fusion of classical magic and cutting-edge technology.
