
Fades by Paperdecks - Pokerdeck

Paper Deck's 1st official release!

Black tuck edition of 400

White tuck edition of 100 with numbered seals

In 2021 we had a deck made exclusively for the attendees of Shuffle Up London and only printed 100.

This year we have updated the design and based it off 2 of the best selling and most popular decks we've had on the shop, the Entry 01s & Missing x Fontaine collage.

52 cards with a custom pip, 2 jokers & 2 cardists.

Cardist jokers designed by @brightyquid

Printed on the current trending stock for cardistry decks by WJPC.
