
Jeremy Klein Dream Girl - Pokerdeck

Created in collaboration with the legendary **Jeremy Klein**--these "**Dream Girl**" **Playing Cards** celebrate over 30 years of this iconic skateboard graphic. First appearing in 1990 on his World Industries Pro Skateboard Model, never has a skateboard graphic been so associated with a professional skateboarder.

Every card is custom. The court cards were illustrated by legends Mark Gonzales and Lance Mountain. Featuring ad card photography by Spike Jonze. These cards are the first of their kind and celebrate the lengthy career of my favorite skateboarder and close friend, Jeremy Klein.

Printed in China on cardistry stock.

Embossed tuck box.

Officially licensed and made in collaboration with JK Industries.
