The REVIVER team introduces this new premium playing card to commemorate the 50th anniversary of the passing of the renowned visual artist M.C. Escher, famous for his contributions to the fields of art, geometry, and fashion, particularly in the realm of visual illusions.

Produced by BPCC, these high-quality playing cards strike a balance between the demands of cardistry and magic, offering a tactile experience that is flexible, smooth, sturdy, and stable, suitable for a range of activities including magic tricks, pure cuts, XCM, and everyday use.

The **REVIVER V2 Christmas Edition** adopts a theme dominated by Christmas green, exuding vitality and dynamism. Its texture is both soothing and balanced, making it suitable for a variety of cardistry moves and magic routines - a true hexagonal warrior in terms of touch.
