### Design:

Conventional "Aces" and "court cards" have been replaced with numerical values offering a brand new playing card experience like never before! Lucky 13's custom face cards feature values 1-13... Aces are now 1's, Jacks are 11, Queens are 12 and Kings are 13. You'll find 2 custom jokers that feature our mascot the lucky cat! Also included is an essential "double backer" card to enhance your magic routines or to display as a piece of art.

### Printing:

**Lucky 13** playing cards are printed on a crushed bee stock by the United States Playing Card Company. This is the highest quality stock available, a favorite among the magic and cardistry community. The custom tuck case features a luxurious premium stock with foil and embossing. A custom stamp seals the deal. The attention to quality and detail are top priority for the **Lucky 13** brand.
