
Ancient Chinese Water Bowl by JT

Ancient Chinese Water Bowl is a traditional Chinese trick.

Magician clearly displays an empty bowl, cover the bowl with a handkerchief, then immediately produce a bowl of water. The water is drinkable!

The effect is so clean and direct. Looks like real magic!

Advantages:

- The principle of this trick is very ingenious, differs from most of the water production tricks on the market.
- It can be used as a new big ending of the Benson Bowl Routine!
- Easy to set up, can be set up in almost any environment.
- Very easy to perform. Doesn't require any difficult sleight of hand. Even beginners can do it immediately.
