
Ultimate Invisible Palm BLUE by JT

Ultimate Invisible Palm created by Harry G is the ultimate version of the classic '*Invisible Palm*' plot.

Magician deals 4 Aces one by one from the deck to the table. After fairly showing the Aces, he puts an Ace on the table. The other 3 Aces magically become invisible in the magician's palm. Then they magically get visible on the table. The 3 Aces travel from the magician's hand to the table magically!

Advantages:

- Easy to perform. Doesn't require difficult sleight of hand.
- The routine is so clean and direct. Looks like real magic!
