## **Mental Voice by BlackBox Magic Creations**

Thoughts are the most intimate companions of a human. Imagine having the power to tap into a spectator's mind and bending the very fabric of thought itself.

Step into the future of mentalism with **Mental Voice** - a technological marvel that orchestrates a mesmerizing dance of thoughts through the intricate realms of the human psyche.

BlackBox Magic has developed, from the ground-up, world's most affordable yet state-of-art bone-conduction device that will alter your spectator's thoughts, allowing the magician to perform seemingly real magic.

### **KEY FEATURES:**

1. Easy to palm - it is as small as a morgan dollar.
2. Beast battery - one charge will last for a month of use.
3. Unbelievably realistic (thought) sound quality. Your spectator will feel as if the sound is of his own thoughts or the voice of God himself! Precision-engineered components ensure reliability and unrivaled performance.
4. Super silent - nobody apart from the spectator will hear anything. No sound leakage.
5. Fully self contained with in-built memory. No assistant, no phone required. Always ready to perform in a moment's notice.
6. Totally customisable with as many .mp3 audios you want.
7. You start and end clean, every time, with absolutely nothing to be discovered.
8. Covered under a comprehensive warranty with a unique warranty code provided with each unit.
9. You get direct email access to the creators where you can clarify all your technical and performance-related questions.
10. TV rights included!

### **INCLUDED PERFORMANCE ROUTINES:**

1. Two spectator telepathy
2. As a tool to force thoughts
