## **Tetracube by Maxim Durocher & Magic Dream**

*"Tetracube is an ingenious design. Congratulations, Maxim. You have solved a problem I'd always wanted to solve!"*

- **Henry HARRIUS**

Tetracube is an instant **self solving cube - in the air - that anyone can solve** without knowing any algorithms!

- It does not require any practice It is self working.
- Instant reset.
- Durable gimmick.
- And revolutionary mechanism!
- As seen on TV shows.

Brilliantly thought out by Maxim Durocher, a young creator passionate by cube magic from years in collaboration with Magic Dream.

### **PRO SAY:**

*"Maxim is a creative genius and has transformed Rubik's Cube Magic."*

- **Steven Brundage**

*"Tetracube is the most visual Rubik's Cube effect on the market! This is the magician's dream effect!"*

- **Hanson Chien**

*"Tetracube is a brilliant concept, ahead of it's time!"*

- **Nicholas Lawrence**

*"When the cubes arrived, I couldn't believe how they worked! This is SERIOUSLY clever."*

- **Chad Long**

*"It's the most visual solving cube I have ever seen and the perfect one to close your cubes routine or if you want to use for social medias. Gravity solve is really cool. It's totally fantastic. I love it! Well done Maxim & Magic Dream."*

- **Luca Volpe, Breakfast Mentalism.**

*"As a magician with a degree in product design, what I really appreciate about Maxim is his dedication to designing a wonderful, creative and well-made Tetracube. There are so many examples of magic products that you know don't have all the bugs worked out or the fabrication is sub-standard. Maxim's Tetracube is well made and well conceived. It is what you expect great magic to be."*
