## **Cloak by Chris Congreave**

**Cloak** is a brilliant self working card routine that not only fools the audience, it ENTERTAINS them as well.

With an ending that they will never see coming **Cloak** is guaranteed to get fantastic reactions.

On beautiful aged cards you will receive the ten cards that you see in the trailer, as well as extra cards so that you can write your own climax card for different currencies and in a different language as well as a "Clue" card for the countries that know the game as Clue rather than Cluedo.

Get huge laughs, followed by gasps of amazement when you perform **Cloak**!
