## Bill In Lemon by Syouma

SYOUMA's **Bill in Lemon** has been improved!

It's even easier to use than before.

Effect:

Ask a spectator to put a sticker on the borrowed bill and sign it.

The magician folds the bill into a small size and holds it.

Then take out the lemon wrapped in plastic wrap.

When the magician opens his hand holding the bill... the bill is gone.

If you cut the lemon in half, the spectator's signed bill will come out from the inside.

Included:

- Special gimmick
- Online instruction

Note: please prepare real lemons, wraps, rubber bands, and cutters separately.
