
Multitude by Vincent Hedan - Buch

Multitude unveils an amazing, 100-year-old principle, as well as 16 unbelievable routines that have been part of Vincent Hedan's professional repertoire for years.

Chosen card, thought-of card, sandwich, coincidence, Out of this World, estimation, card to wallet and many more: these classics of card magic are presented here in surprising versions with simple and direct methods. All these miracles are based on the same idea, an ingenious principle allowing you to fool any audience and perform impossible effects.

A multitude of effects.

250 pages in English, 150 illustrations.

You will get access to 1 hour 30 mins of streaming videos in English, showing the effects performed in real conditions, then explained in details.

The book explains where and how to get the necessary deck for a very cheap price.

Once you have this deck prepared, you can perform all the routines.
