The 'dog deck' features the Siberian Husky, a classic northern breed known for its high energy, intelligence, and independent thinking. These dogs have an innate love for running and are celebrated for their strength, speed, stamina, and, most importantly, their benevolent nature and friendliness towards people.

Huskies thrive on human companionship, particularly with individuals leading active lifestyles. Explore these websites to discover everything about them, from their distinctive wolf-like appearance to their loyal, playful temperament and fascinating history!

The faces and backs of these playing cards have been meticulously crafted by professional artists, brimming with irresistible dog-themed illustrations. These playing cards are not just a testament to craftsmanship and unique style; they are also designed for animal lovers of all ages and those who appreciate exquisite design. Whether you're playing cards with friends or simply admiring the exquisite illustrations, this deck of playing cards will become a cherished addition to your collection, while also conveying a deep love for animals.

Our project has a noble purpose: to raise awareness about the ethical treatment of animals and the issue of animal homelessness. Through animated, cartoonish brushwork, we've illustrated dozens of different dog and cat breeds, aiming to inspire more people to appreciate the adorable nature of these furry companions. By doing so, we hope to encourage greater kindness and compassion towards animals in our daily lives.
