## **Green Wave by Galaxy - Pokerdeck**

This deck was designed for cardists, magicians and collectors alike. Featuring a unique floral inspired design with green elements this deck stands out whether that be for cardistry, magic or for your collection.

The deck was designed and produced with the planet in mind. The cards were made from sustainably sourced FSC certified paper stock and printed using vegetable based inks. The cards are printed by USPCC on Bee stock and feature a linen finish making them handle like a dream.

The design has many exciting elements including a semi-borderless design making it great for fans and spreads. The deck also features custom pips, a custom pip layout, customized traditional court cards and unique colors for each suit.
