
CSI by Emily Sleights - Pokerdeck

Produced by EmilySleights52, **Cold Case** is a fun deck of cards based around crime scene investigations and the infamous: S.W. Erdnase. (This deck is not based upon facts) Each deck comes encased in a crime scene evidence bag. **Cold Case** is printed on 300gsm Germany Black Core paper. This makes sure the cards are durable and smooth and also hold up over long periods of time. I just started handling this stock recently and I'm honestly obsessed! It's definitely my new favorite stock!
