
Voyager US Half Dollar by GoGo Cuerva

In this project, Gogo Cuerva and Roy Kueppers have joined forces to bring you **Voyager** - A show tested matrix routine like no other. **Voyager** is an angle proof, no shell, multi-phase matrix routine, that will leave your audience mesmerized. With **Voyager**, you will receive everything you need to perform this routine. You will receive an instructional break down of the routine, put together in various segments, going over the routine structure, scripting, the moves, Gogo Cuerva's subtleties for handling the coins and gimmick, his show notes and inspiration behind voyager. Learn Gogo Cuerva's opener today!

Here's what you get:

3 normal coins and one gimmicked coin, 5 different show performance angles for reference, scripting taught with step by step instructions, 1 hour long tutorial breaking down, handling and sleights, show tested suggestions, and Roy Kueppers advice on how to maintain your Voyager set.

Welcome aboard, **The Voyager!**
