## **BOW AND ARROW COIN SILVER (s) by Bacon Magic**

**Bow and Arrow Coin** is a high-quality magic coin produced by Bacon Magic. The coin features a classic and entertaining magic effect: the arrowhead, deeply engraved on the coin, magically changes its position.

The intriguing effect, combined with the exquisite appearance, makes **Bow and Arrow Coin** perfect for magicians to carry with them and interact with the audience at any time.

**Bow and Arrow Coin** is available in both gold and silver options. The design is elegant and vintage, created using 3D casting technology, resulting in a more three-dimensional and vivid surface pattern.

Each **Bow and Arrow Coin** is meticulously crafted from premium alloy and follows the standard Morgan size (the size of one US dollar coin). The coin's surface is coated with a special material to reduce friction noise when multiple coins are handled, providing a comfortable grip. It can also be used for other common coin magic routines.

The operation of **Bow and Arrow Coin** is simple and easy to learn, suitable for both master magicians and beginners to master effortlessly.
