## **Super Cup PERCISION (Half Dollar) by Johnny Wong**

PVSC, the latest from Johnny Wong in 2023, is a combination of coins and a metal cup. It is also the upgraded version of the previous Super Cup.

Johnny Wong has added a Coin Box-like multifunctional ingenious feature to the bottom of the original cup.

With PVSC performers are able to make two coins vanish, appear, penetrate, and switch( and more) at the same time. PVSC also enables any performer to present more sequences of routines and spectacular styles.

This is a perfect coin gimmick that is both brilliant and versatile.

If you are a fan of coin magic, don't miss this wonderful coin gimmick.

1. Unique 3 coins metal cup penetration
2. Amazing 2 coins change
