
My Rich Husband US by Magic Music Entertainment

Spectacular set for parlor or stage magic.

The magician says and shows that he has six bills of \$100 DOLLARS each, while he shows them, he counts them and passes them from one at a time to his other hand. He throws two bills into the air and asks the public: if I have 6 bills and I spend 2, how much money do I have left? The public will logically say there are 4 left, but no!!! Since I am a magician, I have 6 bills again, and he counts them again and indeed he has 6 \$100 DOLLARS bills again in his hands. He repeats this action several times until finally he only has one bill left in his hands, it is there that the magician unexpectedly and in full view of his audience transforms that bill into another much larger one.

It is a great effect, very visual and it will surely leave your audience more than surprised!
