## UNHOLY SH\*T by Paul Gordon

In 2022, Paul's Holy Shit was a BIG hit. Paul wanted to change the routine to a "monte" effect and to do that he had to change the idea big time. In doing that, he now thinks Unholy Shit is even better than Holy Shit; and that's saying something. Anyway, with **Unholy Shit**, a very good monte routine is performed and there's a heck of a kicker surprise at the end.
