
Bamboozlers Vol. 4 by Diamond Jim Tyler - Buch

Once again there are 75 bits of business like the previous volumes. This is the biggest volume yet.

Volume One had 128 pages, Two had 136 pages, Three had 144 pages and Four has 188 pages. There's more jokes and longer routines. It is the same high quality with heavy stock pages, a faux purple leather cover, plus a purple silk ribbon marker with matching head tail bands. The same silver foil stamping and silver gilded pages garnish the book.
