## **Remote Light Rose Multi-color (Charger Included) by JL Magic**

The JL Magic version of this astounding effect is well made and easy to perform. A great value and a "must have" item for your magic collection! When the rose changes color from one color to 3 colors, audiences are amazed!

This wonderful, visual piece of magic is great for storytellers, kids show performers and silent acts.

Touch Control - You can turn on/off and memory the place of the corresponded color with USB rechargeable remote control, it is 100% under your control at all times.

Customized colors: red, blue and green.

- LED light with different colors
- USB rechargeable remote control
- Thumb tip included
