
Sweet Peas by OPC - Pokerdeck

We are kicking off 2023 with our SECOND VEGETABLE EVER!

Sweet Peas have a vibrant green back design and our famous slightly custom courts. Not all of them like vegetables!

This is a limited 2500 print run made by USPCC on premium crushed stock. We wanted to start the year off with a bang by adding some metallic inks to the box and face cards!

Sweet Peas are perfect for cardistry, magic, or game nights with friends!
