
Black Market Digital by Thirdway Industries - Pokerdeck

BM Digital, aka **Black Market Digital**, is the second deck of the Black Market Series by Thirdway Industries, that tells the story of a libertarian, secret trade company. The "Digital" edition is inspired by the 2000s Internet.

Features:

- High quality pure silver metallic ink on cards
- High quality green neon ink (UV reactive!) on box, back and cards
- Transparent UV details on box, back and cards visible only with a black light!
- Printed by USPCC
- 100% custom

Hidden symbols - This deck includes some details on the box, back and cards that can be revealed only with a black light.

For its themes, **Black Market** is suggested for a mature audience.
