
GODS HANK by Gonçalo Gil and Gee Magic

God's Hank is a versatile tool that allows you to do a variety of different effects that you can apply in your close up, parlor and stage performances.

Change, switch, produce and vanish objects with just **one handkerchief!**

Have you ever imagined doing the classic vanishing ring with different objects without having multiple handkerchief? **Now you can.**

The lock system in **God's Hank** makes the object stay in place. That means that you can show the handkerchief all around without the object falling down. And when you want, you can easily access to that same object.

Perfect for cards, bills, coins, billets or any small object.
