
Carat IAACP Book Case

Introducing the **Carat IAACP Book Case**, which was designed to house both the original If An Octopus Could Palm book printed in 2011 as well as the 10th Anniversary Deluxe version with Red Linen Book Slip printed in 2021. Books and decks NOT INCLUDED.

The 10th Anniversary Deluxe version with book slip is slightly narrower (by 1 cm) than the original hardbound IAACP book and to accommodate this, two 3mm acrylic inserts are included to fill in the extra space inside the case.

The **Carat IAACP Book Case** is made of clear 5mm archival quality acrylic to allow for unobstructed views of the book from all sides while safely protecting it from potential damage or harm.

The case edges are beveled and the corners are rounded for a more elegant look and feel.

The case lid is attached by 8 neodymium magnet pairs, which are 10 times stronger than regular magnets, for a secure attachment while still allowing for easy access to the deck inside.

Also included are 4 rubber pads with adhesive that can be attached to the bottom of the case to prevent scratching of the case or the surface it is on.
