
Bicycle Wukong Destruction (Grey) - Pokerdeck

Journey to the West is a Chinese novel published in the 16th century during the Ming Dynasty, which is considered one of the four greatest classic novels of Chinese literature and perhaps the most popular literary work in East Asia.

The journey to the West has strong roots in Chinese mythology, Taoist and Buddhist philosophy. Throw in elements of myths, modern fiction and add a big spoonful of classic line-art characters will give you our latest offering.

The style of the decks is going to be a continuation of the manga-styled characters as in our Geung Si & Vampire decks.
