
BAMMO BACKTRACK JACK by Bob Farmer

George Carlin once said that *"Honesty may be the best policy, but it's important to remember that apparently, by elimination, dishonesty is the second-best policy."*

The magician says, *"I have here three cards, three Jacks of Hearts. Historically, among the court cards, the Jacks represented the trickster, the jester, someone who was completely dishonest."*

"So I'd like to demonstrate why honesty really is not the best policy when cards are involved."

Then follows a completely in-the-hands series of stunning visual effects.

A card magically jumps from the middle of the packet to the bottom. Twice.

It turns face up. Twice.

All the faces vanish-then the faces return.

Then - amazingly - the cards are handed out one by one for examination.

This is perfect for walkaround and every day carry.

No angles. Just three cards. No rough and smooth. Instantly Resets. Nothing else like it on the market.
