## Carat XCHB Cardboard Half-Brick Box with Viewing Window

Introducing the **Carat XCHB Cardboard Half-Brick w/ Viewing Window**, an elegant, yet affordable storage solution for storing and transporting your playing card collection.

Like its big brother, the **Carat XCB Cardboard Brick Box**, the Carat XCHB is made of sturdy three-ply construction, with a 350gsm paper matte lamination outer layer, B9 corrugated cardboard middle layer and a 250gsm paper gloss lamination inner layer.

The lid has a 9.5cm x 6.7cm window made of 1mm clear acrylic to allow for a full view of the decks inside while maintaining stability of the lid, securely protecting the decks inside. A new adhesive was used to ensure that the acrylic plate stays securely on the box.

The Carat XCB is extremely light, weighing around 93g or 3.25 oz. and comes unfolded to make for easier shipping. Once ready to use, simply fold the flaps together to create the half brick box.

For storage, it is sturdy enough to be able to stack on top of each other when fully loaded with decks and can easily be stacked up to 5-6 boxes high without crushing any of the boxes or the decks inside.

With the **Carat XCHB**, you no longer need to open up a dozen boxes before finding the deck you are searching for, you'll be able to find it in a glance!

Carat Card Cases by Carat Case Creations are the preferred playing card storage and display cases of discriminating collectors and designers. Carat Case Creations has worked with many of the top designers to create custom cases, including, Butterfly Playing Cards, Rick Davidson, Midnight Playing Cards, Mint Playing Cards, Stockholm 17, Thirdway Industries and Vanda Playing Cards.

### HIGHLIGHTS

- Made of 3-ply paper / cardboard and 1mm clear acrylic to provide a sturdy construction to store and protect your decks
- Lightweight and can be unfolded flat

- 
- Simple and fast assembly
  - Stackable
  - Points to Note

There is a protective film on the inside of the lid on the acrylic plate

It is best to pre-fold all tabs inward before assembling the half brick box
