## Sirius B V5 by Riffle Shuffle - Pokerdeck

What better way to show off your amazing card skills than with a splash of color? We are bringing back our beloved Sirius-B playing cards to offer you an aesthetic pop of regal purple to emphasize the majestic movement of your cards. From every spread to every cut you do, these cards will capture its every beauty!

We kept its original wavy designs that we've all grown to love. The **Sirius-B V5** is here to celebrate the discovery of life in the galaxy. The layers of different color waves on the back design will be a reminder that there will always be a place for living organisms to prosper!

The **Sirius-B V5** is printed by the United States Playing Card Company with premium Bee crushed Stock and air cushion finish. Designed by Adrian Valenzuela.

- Comes in Mnemonica stack with 7 of Hearts faced up in the middle (impromptu invisible deck routine)
- Duplicate Queen of Heart
- Limited edition of 2500

The **Sirius-B V5 Playing Cards** are printed by USPCC with their crushed Bee stock. Limited to 2500 decks.
