Butterfly Workers Gaff Deck

Many magicians love using special gaff cards during shows. The gaffs either simplify the effect's method or can add a visual moment to it.

The Butterfly Workers Gaff Deck includes 56 cards. The most used ones appear multiple times, such as blank face cards or double-backers. Other ones, for example, our Cocoon and Caterpillar Jokers, are included just once.

We also added gaff cards for classic card tricks - Anniversary Waltz, MacDonald's Aces, or Max Maven's brilliant B'Wave.

The **Gaff Deck** works perfectly with the Red and Blue Butterfly Workers.
