
Lighthouse Beacon - Pokerdeck

Beacon Playing Cards is based off of the theme of "finding light in the darkness". I felt that the definition of what a beacon is perfectly fits this deck and the positive message I want to portray. On the tuck it states, "Be the light." I enjoy the hope of being the light during someone's dark times.

Manufactured by USPCC, **Lighthouse: Beacon** is printed on their classic Bicycle stock with air cushion finish.

- Two-way back design
- Broken border (great for fans)
- Custom Ace of Spades
- Two identical jokers
- An additional joker with a reveal (perfect for tricks)
- All red pips are changed to a deeper, classy red
- Double back included
- All courts are custom and represent lighthouse keepers
- The background of the courts resemble a topographical map
