## **MENTAL MONSTER by Luis Zavaleta**

From the Mind of Luis Zavaleta and Michelle Ayllon comes this children's magic routine for your Halloween Shows.

Effect:

This trick is about a little boy called "Igor", he is like a little "Quasimodo", he loves magic, cats, bats and the Halloween day.

The story said that he had some strange mental powers and the ability of changing his appearance

To prove it, the magician shows a drawing of his little friend "Igor" who is in the middle of the cemetery (his favorite place to play or hide) and also ten cards with different monsters, then the magician ask to someone to choose any monster and tell the audience that "Igor" has a prediction on his hands...when the magician shows the prediction, everybody discover that it is wrong!!!! suddenly, the magician remembers the entire story about "Igor", people said that sometimes, in the middle of the night he could be transformed into a monster capable of reading minds... so, at the count of three, something will happen to Igor..."one, two, three"... **WOW!!!** Incredibly, Igor transforms into a **MONSTER AND NOW IS SHOWING THE CORRECT PREDICTION!!!** but that's not all, at the end of the trick, the magician can give away the same paper that changed a moment ago!
