
VENDING MACHINE by George Iglesias & Twister Magic

THE VENDING MACHINE BY GEORGE IGLESIAS AND TWISTER MAGIC

Another classic of magic brought to modern times by George Iglesias and Twister Magic

Based on the classic Square Circle illusion, George have created a vending machine apparatus capable of appearing any item selected by and spectator.

Effect:

The Magician shows a portable and miniature vending machine to be completely empty inside. Now he invites a member from the audience to join him on stage and show him multiple choices of products that he can get in the vending machine, the spectator selects one, or two or three (depending on the magician desire) and all those items selected appear magically inside of the box, making his wishes come true!

A great magic trick for your kids and family shows! Packs very flat for your shows and plays very big!

Made out and printed in high resolution on top of a nice thick cardboard and plasticized for high durability, is made to last.
