
The Ultimate Sting by Paul Gordon

First released in 2005, It's back and better. Better artwork and better card (linen) stock. Inspired by routines of Walton, Elmsley and Bannon, **The Ultimate Sting** is a powerhouse worker. Standard sleights, killer climax and not only is it examinable (at the end), the reset is instant. It was a favorite of both J.C Wagner and Aldo Colombini. It'll soon be a favorite of yours. Nine duplicate Aces do acrobatic tricks and you end up with a royal flush and, well, four "credit cards" to pay off your gambling debts!
