
Beowulf by Kings Wild - Pokerdeck

Designed to resemble an ancient book, its features include a book spine, blood-stained leather binding, and frayed paper edges, and wear-and-tear that look like you have the book itself, sitting on the shelf.

The court cards include characters such as Beowulf, Wiglaf, Grendal, Hrothgar, and others. Each card is designed with an intricate wooden design with gold foiling to emphasize the classical and ancient nature of the story.
